"I would like to take this opportunity to personally thank you and your team for supporting us with our recent tender presentation. This was our first opportunity to collaborate and I was impressed with your strategic approach and ability to work to exacting timescales, particularly during the final stages when you were assigned with several last-minute change requests.

"From our first contact, Hudson were brilliant. After a short conversation, they quickly grasped the basics of our business and sector in which we operate. The team took the stress and hassle away from us and we are very happy to say that we were awarded the first contract that we collaborated on. We would highly recommend Hudson and look forward to future endeavours together.
