LET US HANDLE THE TENDER

YOU BUILD IT. WE BID FOR IT.

Writing construction tenders is time-consuming. Between running projects, managing staff, pricing jobs and dealing with customers, finding the time to produce a competitive submission isn't always easy.

That's where Forge comes in.

Our experienced bid writers take care of the written tender submission, helping you respond to buyer requirements, demonstrate your experience and compete for contracts.

WHAT WE CAN DO FOR YOU:

- **Full Bid Writing:** We write your tender responses, tailored to the contract requirements and evaluation criteria.
- **Tender Management:** We manage deadlines, documentation, clarification questions and submission requirements.
- **Bid Reviews:** Already written your tender? We'll review it for weaknesses, compliance issues and opportunities to improve.
- **Framework Applications:** We prepare submissions for public sector frameworks and approved supplier arrangements.
- **Ongoing Bid Support:** Regularly bidding for work? Access professional writing support without employing an in-house bid team.

We work with general building contractors, roofing companies, scaffolding businesses, civil engineering firms, property maintenance providers, M&E contractors and specialist trades.

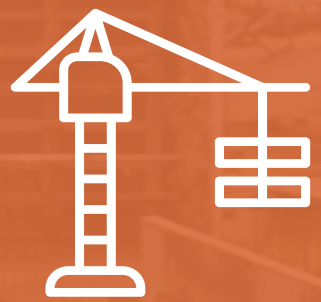

"I would like to take this opportunity to personally thank you and your team for supporting us with our recent tender presentation. This was our first opportunity to collaborate and I was impressed with your strategic approach and ability to work to exacting timescales, particularly during the final stages when you were assigned with several last-minute change requests.

HOW IT WORKS
FOUR SIMPLE STEPS

1 SEND US YOUR TENDER

Share the tender documents or a link to the opportunity. We'll review the requirements, deadlines and scope of work.

2 GET YOUR QUOTE

We'll provide a clear, fixed-price quote for the writing support you need. No obligation and no unnecessary extras.

3 WE WRITE YOUR BID

We'll work with you to gather the information needed, develop your responses and address the buyer's evaluation criteria.

4 REVIEW AND SUBMIT

You'll have the opportunity to review your completed responses before submission. We carry out final checks and help get your bid ready for the deadline.

NO TENDER? NO PROBLEM.

If you're looking for construction contracts but don't know where to start, our Construction Tenders platform can help you find relevant public and private sector opportunities.

"From our first contact, Hudson were brilliant. After a short conversation, they quickly grasped the basics of our business and sector in which we operate. The team took the stress and hassle away from us and we are very happy to say that we were awarded the first contract that we collaborated on. We would highly recommend Hudson and look forward to future endeavours together.
